

Brain Injury Matters Presents:

Health and Wellness after Brain Injury

with Henry Huie, MD.

Dr. Henry Huie is the vice chair of the Physical Medicine and Rehabilitation Department at Santa Clara Valley Medical Center where he also serves as Chief of Brain Injury Rehabilitation. He is an affiliated, clinical associate professor for Stanford Orthopedics within the Division of Physical Medicine and Rehabilitation.

Dr Huie serves on the state of California's Traumatic Brain Injury Advisory Board through the Department of Rehabilitation.

This 30 minute presentation, will go over recommendations and strategies to promote a healthy lifestyle and wellness after brain injury. After the presentation, we will host a 10 minute Q&A segment. We will also host an hour to network/socialize and dinner will be provided.

Wednesday, April 17, 2024
